Two Weddings.
Cowan-Finney.
There was a very pretty home wedding at the residence of Dr. and Mrs. F. Bradbury, on Main street, Wednesday evening, Sept. 12, at 7:30 o'clock. The daughter, Marguerite Finney to Ernest Lester Cowan by Rev. F. E. Barton of Bethel, using the single ring service. The bride looked charming in white peau de sole trimmed with handmade lace, veil and bridal roses.
Miss Finney passed her girlhood in Bethel, till about eight years ago she came to Norway to be a graduate of the Norway High School, class of 1901, after which she studied under the private instruction of Mary True at Bethel, and she has taught in the Norway rural schools and the village primary. She is a singer of local note. For several years she has sung in the Universalist church and at concerts and various affairs. She has a pleasing soprano voice.
Mr. Cowan is the son of Dr. and Mrs. C. F. Cowan of West Hampden, and a graduate of the University of Maine. Little over a year ago he came to Norway, a clerk in Stone's Drug Store. He is a registered pharmacist, and is considered one of Norway's rising young business men.
The rooms were decorated with quantities of cut flowers and the couple stood in front of a bank of hydrangeas across the corner of the front parlor where the vows were spoken that made them man and wife.
The bridesmaids were Agnes Barton of Bethel and Etta Nevers of Norway, the maid of honor, Maude Davis of Bethel. The flower girl was Telma Cowan, the little sister of the groom. Ruth King of Bethel played Mendelssohn's Wedding March and also played a soft accompaniment during the ceremony. Leon Boynton of Bangor was best man. The bride's presents to her bridesmaids were souvenir spoons engraved with the date of the wedding; the groom's presents to the best man, stick pin. The ushers were Howard R. Stevens, Portland; Dr. Harry P. Jones, Fred E. Smith, Norway; Jameson L. Finney, Auburn.
The reception was from eight to ten and was largely attended.
Mrs. H. W. Starbird, Mrs. R. I. Trask and Mrs. H. E. Fifield presided at the refreshment table and served punch, fancy crackers and cake to the guests.
The out of town guests were Dr. and Mrs. C. F. Cowan and daughter, Telma, of Hampden; Mr. and Mrs. Jameson L. Finney of Auburn; Mrs. L. B. Hopkins of Bethel; Mrs. W. H. Stevens, Howard Stevens of Portland; Mr. and Mrs. E. H. Young, Alfred M. True, Bethel; Mr. and Mrs. W. L. Packard, Bangor.
The gifts were some two hundred in number and were very fine. There was much cut glass, painted china and silver. The bride's going-away gown was a brown and black plaid broadcloth. Friends of the couple were waiting outside to give them the customary send-off. All at once a couple with dress suit came from the house and boarded an automobile which was waiting down street. The crowd followed at a lively pace, with showers of rice for the bride and groom. They soon found out they were showing Jameson Finney and Etta Nevers, who had got into the automobile that had come from Lewiston to take the happy couple on their wedding journey as far as that city. A little later Dr. Bradbury came out in his auto, and after a short wait Mr. and Mrs. Cowan appeared and amid showers of confetti and brilliant illumination sped away. They are to spend their honeymoon in Auburn, Connecticut and New York. On their return to Norway they have engaged board at the Beal's hotel for the winter.
Palmer-Nevers.
Tilla K. Nevers and James M. Palmer were married Tuesday evening, Sept. 11, at the groom's home, 100 Walnut street, Lewiston, by Rev. William J. Taylor of the First Universalist church. The rooms had been prettily decorated and at eight o'clock the young couple were made one in the presence of relatives and friends. The single ring service was employed. The bride was gowned in white silk and carried a handsome bouquet of bridal roses to which were attached tiny strands of ribbon, the significant gifts, the thimble, coin, button and ring. The bridesmaid, Madge Lane of Lewiston, wore a pretty gown of gray nuns veiling. The maid-of-honor, Annie Palmer, a sister of the groom, was dressed in pink silk. The best man was George W. Lane, Jr. The little niece, three years old, made a lovely flower girl.
The bride is the daughter of Mrs. Ernestine Nevers of Lewiston, and is a young lady of many accomplishments. Since finishing her school education she has been employed in the office of the New England Telephone & Telegraph Company.
Mr. Palmer is well known in Norway. He was the head bookkeeper for B. F. Spynner & Co. in their Norway factory, and he has many friends here who wish him and his bride many years of happiness and success. He went from here last spring, and is now proprietor of the Palmer market in Lewiston.
E. A. Goudy and Dr. E. A. Sheehy, Mr. Palmer's special friends at Norway, were present at the wedding.
Flavored ices and dainty refreshments were served by young ladies. Many and costly presents by their friends were brought. The flowers from the bride's bouquet were showered on her girl friends, and especially favored were the recipients of those to which the gifts were attached. About two hundred guests attended the wedding and reception.
Mr. and Mrs. Palmer left on the 11 o'clock train for a two weeks' trip in New York, and their friends gave them a good send off, with much rice and good wishes. On their return they will good wishes. On their return they will be at home at 53 High street, Lewiston.

This week we announce the marriage of two of the three members. Dr. Sheehy, the now only remaining member, is talking of forming another bachelors' club, but in view of the failure of the first he may conclude to limit the membership to two members, and the new addition a lady.
No Crown Expected for This.

The Norway Election.
There was considerable excitement over the election, Monday, and a large number of voters was out, a total of 775 votes being cast. Twenty-five of these were defective and had to be thrown out.
The voters gathered at the Opera House and on the streets and discussed the situation. In the afternoon a telephone was put in at the Opera House and was presided over by Ralph Trask, returns being received from all over the State. A. S. Stearns, Republican candidate for representative, carried Hebron and Oxford, and Hon. A. S. Kimball, the Democratic candidate, carried Norway by 46 votes. On the whole, Stearns won out by about 50 votes. The other figures of the election will be found in the tables on another page.
Throughout the entire State the Democratic vote was very heavy and it looks as though the Republicans would have to make a change in their platform if they wish to win out in the next election.
There were also two scattering votes that had to be thrown out, making a total of 27 thrown out.

E. RAND,
MR. & MRS. DON C. RAND,
MR. & MRS. R. E. BRYANT.

A Fatal Accident.
Friday afternoon, Melroy Rand about fifteen years of age was instantly killed in the woods south of South Paris village by the accidental discharge of a gun.
Rand in company with Walter Pratt, about his own age, and Henry Flagg, a little younger, had been hunting at what is known as "duck pond." This is a small bog in the woods south of the village and west of the railroad. From the railroad about thirty rods south of the railroad bridge a path leads in westward about a quarter of a mile to this pond.
At the time of the accident the boys were coming out this path. The Flagg boy was ahead carrying a shot gun, but behind him was Walter Pratt carrying a shot gun over his shoulder. Pratt was followed by Rand, who had no gun but carried a revolver on his hip. It is supposed Rand thought he heard or saw something in the bushes and reaching forward he grasped the muzzle of the gun which Pratt was carrying to take it from him. Anyway he took hold of the muzzle of the gun and pulled it toward him when it was discharged. The charge of shot entered his breast tearing a fearful hole. He fell in his tracks and undoubtedly died instantly.
The other boys went to Jailor Farrar and informed him what had happened. Dr. B. F. Bradbury of Norway was summoned at once, who upon finding that the boy was dead at once summoned Coroner William J. Wheeler, who took the body to Miss Thayer's undertaking rooms. After a full investigation of the matter it was decided that it was so plainly a case of accident that no inquest was necessary.
Rand's mother is dead but his father lives in Albany. He has been living for some time with his sister, Mrs. Eugene Bryant, on Hill street, South Paris. He also has a brother, who lives in Massachusetts.
The funeral was held at one o'clock Monday, and the burial was at Mechanic Falls beside his mother.

On Wednesday evening at the residence of Mr. and Mrs. Oliver G. Curtis on Gothic street occurred a very pretty wedding. The contracting parties were Roy H. Curtis of South Paris and Miriam L. Calef of Norway.
Miss Calef is a graduate of Norway high school in the class of '05. She has been employed at Augusta for some time.
Mr. Curtis graduated from the Paris high school in the class of '02 and later from Shaw's Business college at Portland. Upon leaving college he secured a position as bookkeeper and clerk at the Maine Insane hospital, where he has been ever since.
The decorations were very pretty. They consisted of an arch of hydrangeas with a background of yellow and white crepe paper. In this arch was a large bell covered with yellow crepe paper. Golden glow, maiden hair ferns and other flowers were tastefully arranged about the room.
The ceremony was performed by Rev. C. A. Brooks of Norway. The bride wore a gown of white silk muslin with trimmings of ribbon, lace and applique. The near relatives and a few invited friends were present.
The couple will make a trip to Boston and other places before going to Augusta, where they will reside.

FIFTY CENTS

IN some conditions the gain from the use of Scott's Emulsion is very rapid. For this reason we put up a fifty-cent size, which is enough for an ordinary cough or cold or useful as a trial for babies and children. In other conditions the gain is slower—health cannot be built up in a day. In such cases Scott's Emulsion must be taken as nourishment; a food rather than a medicine. It's a food for tired and weak digestions.

TORTURED DAY AND NIGHT Rheumatism Crazes the Mind.

An Internal Blood Treatment called Uric-O

is widely recommended to cure it.

Every sufferer from Rheumatism who wants to be rid of the sleepless nights, the nerve binding muscle twisting pains, should get at once a bottle of Uric-O, the marvelous specific for the cure of Rheumatism. It matters little how long one has suffered from the trouble nor how intense the suffering. Uric-O will cure it. It cures by its direct action upon the blood, muscles and kidneys; it neutralizes the rheumatic acid poison and drives it from the system. Druggists and Physicians everywhere are recommending Uric-O because they know and last cures the trouble and cures it to stay cured. It has stood all kinds of tests and never been found wanting. Uric-O is a cure for Rheumatism only. Noyes' Drug Store is the agent for Uric-O in Norway and they would be glad to meet all sufferers from the disease and explain the action of Uric-O on all forms of Rheumatism. The Smith Drug Co., of Syracuse, N. Y., are the makers of Uric-O and will be glad to send any rheumatic a sample of this marvelous specific on request. They sometimes send a full sized bottle to people suffering for samples.

Conant Family Reunion.

The fourteenth annual reunion of the descendants of Everett Quincy Conant was held here in Nazareth hall, Tuesday, with an all-day meeting and a ball in the evening. Sixty-seven of his descendants gathered and pleasantly renewed kindred ties and old family associations, and over a hundred persons, including invited guests, partook of a beautiful dinner in the hall. The perfect weather and other associations of this meeting rendered it one of the most delightful occasions in the history of this family organization.

The program embraced speaking and other exercises by the children, speeches by the elders, singing, and a liberal supply of band music, which not only enhanced the enjoyment of the family group, but also afforded pleasant entertainment for the villagers. The family is a musical one, and is never at a loss for want of good band, quartette or orchestra, all of which were in evidence on this occasion. The history of the Conant family is one of great interest to the local historian and genealogist, and has been admirably compiled in a volume of nearly 700 pages by Frederick O. Conant, A. M.

The common ancestor, or the one from whom sprang most of those bearing the name in America, was Roger Conant, a strict Puritan, who came from England and landed at Plymouth in July, 1623.

Religious differences with the Pilgrims caused him to leave Plymouth, and he became for over three years, the head and de facto governor of a colony of settlers, first at Cape Ann and after that at Nahant, Mass., now Salem, Mass., in which city a monument has recently been erected representing Roger Conant in his quaint Puritan garb, with the charter and oak staff in his hand, standing on a rugged boulder which bears the inscription, "Roger Conant, founder of Nahant, Mass., 1623-1688."

Everett Quincy Conant, whose direct descendants composed this Buckfield meeting, was the son of Sylvanus and of the eighth generation from Roger Conant. He was born in Bridgewater, Mass., April 2, 1830, and in his youth came with his father's family to Maine, settling in Turner, where he resided until his death, which occurred Dec. 27, 1898.

The Story of Father John's

A Story Everyone Should Read. True and Full of Human Interest.

Half a century ago, Rev. Father John O'Brien of St. Patrick's Parish, Lowell, Mass., through overwork and exposure, became seriously run down. A cold and stubborn cough and lung trouble threatened his life. An eminent specialist gave Father John, as he was fondly called, a prescription to cure the cold and remove the lung trouble as well as to build up and strengthen the body. The clergyman began to improve at once, the cough disappeared and his lungs healed. It corrected his digestion, made new tissue and Father John was soon restored
